Continuation of 4(e) Other: MPEP 714 II. C. (A) states that "[f]or any amendment being filed in response to a restriction or election of species requirement...any claims which are non-elected must have the status identifier (withdrawn)." In this case, Applicant has elected Species II according to figures 7-10 and has stated that the elected species comprises claims 65 and 70-77. Accordingly, the remaining new claims which are non-elected should be listed as (withdrawn-new) which is one of the acceptable alternative status identifiers listed in MPEP II. C. (E). Examiner notes that in the remarks that Applicant states that claim 78 is generic to Species II; therefore, claim 78 should be listed as one of the claims reading on the elected species and not include the withdrawn status identifier .
